

SAIL (OR LEARN TO SAIL) ON MALLORCA

The Mallorcan climate means that we can sail practically all year in the warmth of the Mediterranean sun, so we definitely get a head-start on the sailing season. Mallorca is only 30 miles away from Menorca where there are so many beautiful coves and bays with crystal clear water. Taste the delicious lobster stew that is served at seafood restaurants on Menorca.

On Mallorca itself you have great spots to visit such as Pollensa & Formentor with dramatic views of the UNESCO World Heritage Tramuntana mountains, the quaint harbour of Port de Soller, the beautiful capital city Palma and Porto Cristo, Porto Petro or Porto Colom with their beautiful clear water.
